Dear Chairman Fontaine and the Planning Board,

As residents of the Town of Amenia, we have been watching closely for many years the development of the Silo Ridge project. As senior citizens, we are not often able to make the planning board meetings, particularly in the winter. But, we do follow the project closely. There is an abundance of resources online, in the community, and in the newspaper that makes it easy for us to know the latest on the project.

We feel that it is time to move this project to completion and for the town and its residents to be able to reap the benefits that this project offers to the community. Silo Ridge, the planning board and the consultants have all worked hard to make this project a jewel for the Hudson Valley! Thank you.

Sincerely,
